### DC Range with Unparalleled Efficiency and Power per Square Meter

- **RangeT 22**: Fast, highly efficient and bidirectional charging
  - Affordable DC charging
  - Low standby consumption
  - Powerful yet quiet charging experience
  - CCS and/or CHAdeMO
  - V2G Ready

- **RangeT 44**: Powerful charger with high efficiency and optimized power per square meter
  - Fast DC charger for out and indoor parking
  - Powerful yet quiet charging experience
  - Smallest footprint on the market
  - V2G Ready

- **RangeT 66**: DC fast charger with world’s highest power per square meter
  - Super fast DC charger for out and indoor parking
  - Powerful yet quiet charging experience
  - Smallest footprint on the market
  - V2G Ready

- **RangeT 80/160**: Scalable ultra-fast charging with unparalleled efficiency, all-in-one design
  - Module: available in 80 kW with additional 20 kW modules up to 160 kW
  - Multichannel payment systems
  - Ultra fast charging: (5 min. for 100 km range)
  - 2 simultaneous charges

- **FlightXT**: Setting the standard of cutting-edge electric planes, VTOls and UAM charging
  - Eaton xStorage
  - Get uninterrupted, high-quality power for EV-Chargers even off-grid

### Storage Solution

- **Eaton xStorage**: Setting the standard of cutting-edge electric planes, VTOls and UAM charging
  - Eaton xStorage
  - Get uninterrupted, high-quality power for EV-Chargers even off-grid

### Smart Power Management Solution

- **SMART ONE**: Smart power management
  - Balance available power between vehicles being recharged
  - Scaling: smart control of all types of stations (AC)
  - Communicating via CAN and Ethernet
  - Allow to increase the number of charging points without modifying electric feed-in

### SMART ONE: Smart Power Management
